

On 12.07.2025, the residents of CWG Village joined hands with DDA in its plantation initiative.

The Justice Ajay Kumar Tripathi Foundation, through its Trustees and fellow residents of CWG - Alka Tripathi, Aditi Tripathi and Rahul Narayanan, also participated in this venture, by donating 50 saplings of Golden Bamboo in its effort to promote and restore ecological balance and enhance local biodiversity.

The Foundation is a non-profit organization established in the memory of Hon'ble Justice Ajay Kumar Tripathi, Former Chief Justice of Chhattisgarh High Court. The Foundation endeavours to promote, foster, and maintain legal thought through the betterment of legal, judicial, and social infrastructure, promotion of discourse on legal and judicial education and reform, judicial impact assessment and judicial conscientiousness. As part of its initiatives, the Foundation focuses on afforestation and rewilding landscapes and promote engagement of local communities.

Today's plantation not only greened a slice of Delhi but also exemplifies the Foundation's commitment to aligning legal advocacy with environmental action—rooting hope by planting indigenous trees and nurturing a culture of ecological mindfulness.
